CSS	

## Work History

2019-07 - 2021-07

### Web Developer

Globstech IT Solution, Varanasi, Uttar Pradesh

- Planned website development, converting mockups into usable web presence with HTML, JavaScript, CSS and React Js coding.
- Provided front-end website development using Visual Studio Code and other editing software.
- Discussed site and app requirements with clients to produce actionable development plans.
- Oversaw back-end development using C# to maintain website integrity.
- Determined coding requirements for specialized scripts.
- Coded websites using HTML, CSS, JavaScript and React Js languages.
- Built and styled new mobile-friendly websites, transitioning legacy presentations to simultaneous easy-to-use versions.
- Ran debugging tools to eliminate flaws and glitches prior to publishing.
- Multi-tasked across multiple functions and roles to meet deadlines and organizational expectations.

## Education

2018-01 - 2019-01
